About Lawson Products, Inc.

Founded in 1952, Lawson Products, Inc., headquartered in Chicago, IL, sells and distributes specialty products to the industrial, commercial, institutional and government maintenance, repair and operations market. Lawson is dedicated to helping customers in the U.S. and Canada lower their total cost of operation by increasing productivity and efficiency. The combination of Lawson and Partsmaster’s Vendor Managed Inventory process and the company’s problem-solving professionals ensures customers always have the right parts to handle the job. Through The Bolt Supply House, customers in Western Canada have access to products at several branch locations. Under its Kent Automotive brand, Lawson provides collision and mechanical repair products to the automotive aftermarket. Lawson ships from several strategically located distribution centers to customers in all 50 states, Puerto Rico, Canada, Mexico, and the Caribbean.

About TestEquity

TestEquity® is a leading distributor focused on providing the largest and highest quality selection of test and measurement equipment and solutions, electronic production supplies, and tool kits from its leading manufacturer partners supporting the technology, aerospace, defense, automotive, electronics, education, and medical industries. TestEquity also designs a full line of the industry’s highest-quality environmental test chambers. Serving electronic design and test engineers as well as maintenance technicians, industrial manufacturing assembly, and the telecommunication repair community, TestEquity features more than 80,000 products from over 1,000 manufacturer brands. TestEquity continues to benefit from ubiquitous electrification of all types of products across most industries including IOT, EV, and 5G.

About Gexpro Services

Gexpro Services is a world-class global supply chain solutions provider, specializing in the development of mission critical production line management, aftermarket and field installation programs. Gexpro Services provides comprehensive supply chain management solutions, including a full technology suite offering of vendor managed inventory, kitting, global logistics management, manufacturing localization and import expertise, value engineering and quality assurance. Gexpro Services’ end-to-end project management is designed to support manufacturing OEMs with their engineered material specifications, fulfillment, and quality requirements to improve their total cost of ownership. Headquartered in Irving, TX, Gexpro Services has manufacturing and supply chain operations in over 30 Service Center sites across nine countries including key geographies in Europe, Asia, North America, South America, and the Middle East. Gexpro Services serves customers in six vertical markets, including Renewables, Industrial Power, Consumer and Industrial, Technology, Transportation, and Aerospace and Defense.
